MEMORANDUM FOR: Chief, Mobilization and Military Personnel Division

SUBJECT : Extension of Agency tour - [REDACTED]

25X1A

1. On 13 November 1960 [REDACTED] will have completed four years with the Agency. It is requested that his tour be extended an additional seven months, or until 15 June 1961.

25X1A

2. There are several projects now in the planning stage that are scheduled to become operational the latter part of 1960 and the early part of 1961. We will need the benefit of [REDACTED] technical assistance in the development and implementation of these projects. His release this coming November would seriously handicap these activities; whereas, the additional seven months would give us his valuable assistance at a particularly critical time.

25X1A

3. [REDACTED] duties are entirely within the scope of his ADG, and the experience he is having with this activity will contribute to his career specificity. Because we will continue to have urgent need for his experience and knowledge, we ask that this request be favorably considered.
